

Quality Policy Statement 2021

OUR AIM

To ensure the services we provide to our Clients continually exceeds their needs and expectations at a standard that is at the forefront of our industry.

The Management and Employees of Allied Exploration & Geotechnics Limited (AEG) are fully committed to providing a quality service to all of our Clients that consistently exceed their expectations so that the company can achieve sustained, profitable growth.

Beginning with the first Client contact, tender completion through assigning site resources, site and laboratory operations to production of a report, sample storage and finally invoicing all our activities are incorporated into our Quality Management System.

AEG is fully committed to adhere to its own Quality Management System which meets the requirements of BS EN ISO 9001:2015. We shall continually seek to improve the effectiveness of our Quality Management System through periodic management reviews and audits. This involves reviewing all policies and procedures regularly to ensure continuing suitability.

AEG recognises that the successful implementation of this policy requires total commitment and a co-operative effort at all times from our all Employees. We will ensure that all of our Employees have the training and support necessary to carry out their tasks to the highest standards achievable.

AEG shall identify and allocate sufficient resources to ensure the continued effectiveness of its Quality Management System.

OUR MISSION

Is to achieve this aim and to promote the wide involvement of all of our Employees to allow us to build a culture of continuous improvement, concentrating on prevention rather than detection of error.

In order to fulfil the requirements of this policy and its associated Quality Management System, quality objectives shall be set, communicated, measured and reviewed on an annual basis by management.

This policy shall be communicated to all Employees, both existing and future, by the issue of their own personal copy. Furthermore, this policy and relevant quality documentation are available on the company website and a copy of this policy can be found on all internal notice boards.

The HSEQ Director is ultimately responsible for the overall control of quality throughout the Company, for which the Quality Manager carries responsibility for the implementation of the Quality System, on a day-to-day basis.
